

P3 Technical and Management Consulting (Shanghai) Co., Ltd.

P3

P3 is an independent and international consulting company, which offers consulting and engineering services, as well as software development for numerous customers. With our expertise, we are serving a wide range of industries in 17 locations worldwide.

Since the founding of the first representative office in 2009, P3 is operating actively in China in nationwide projects across branches. With employees / teams in Shanghai, Beijing, Shenzhen and in different tiers of cities, as well as with overseas professionals and resources, we provide a wide-ranging portfolio covering management consulting, testing & engineering, digital services, cyber security, business innovation and operation solutions.

P3 China is empowered by our strong project experience and expertise especially in the automotive and aviation industry to ensure our customers qualified support and solution.
